ALTON FRYE

Director of Membership Affairs

July 26, 1977

Dear Stan:

Since you have written in behalf of the Council's five-year term membership program, I thought you would like to have a list of the 20 young men and women who were elected term members this year. With close to 140 exceptionally qualified candidates up for consideration and limited to only 20 selections a year, the Term Membership Committee had an extremely difficult task, as I am sure you will appreciate.

The Committee was very glad to hear from you, and I trust that you will suggest other promising candidates (age 30 or under) for next year's selection process. Nominees still pending from this year will be brought before the Committee again, provided they have not yet reached 31 years of age.

We greatly appreciate your interest.

Sincerely,

Alton
